What VirtuOS tracks

Your people

Professional licenses, certifications, CPR/BLS, DEA registrations, medical clearances and driver medical cards, with automatic reminders before anything expires.

Your buildings & facilities

Fire extinguisher, sprinkler, alarm, elevator and backflow inspections, HVAC maintenance, permits and property insurance renewals.

Your agreements & insurance

Vendor and customer contract renewals, cancellation and renewal dates, liability insurance, certificates of insurance, business licenses and leases.

Your HR responsibilities

Handbook acknowledgments, harassment and safety training, benefits enrollment, 401(k) and ACA deadlines, workers' comp audits and reviews.

Your equipment & operations

Vehicle registrations and inspections, DOT filings, forklift and MEWP certifications, equipment inspections, preventive maintenance and warranties.

Onboarding, training & documents

New-hire packets with e-signatures, training with quizzes, AI document reading, and reports that show management what needs attention.

Employee credentials are tracked automatically. Recurring business obligations are configured with you during onboarding to match your business. Requirements vary by industry and location.

How it works

1 Organize

Upload documents or import a spreadsheet; VirtuOS reads the dates.

2 Assign

Give every recurring responsibility an owner.

3 Monitor

See what's current, expiring, overdue or missing.

4 Act

Owners get reminders; completion is recorded with the document.

Pricing

Active employees	Monthly plan	Annual plan
First 50 (included)	\$249 / mo	\$2,539.80 / yr
Each additional employee	\$1.99 / mo	\$1.99 / mo, less 15%

- The base plan is the minimum. Example: 100 employees is \$348.50 / mo, or \$3,554.70 / yr on the annual plan.
- Annual plan: 15% off the monthly price, paid once a year. No setup fee.
- Candidates, pending invitations and inactive employees are never billed.
- Works alongside your existing HR, payroll and accounting systems. Plus applicable taxes.

Stop relying on memory, spreadsheets and scattered reminders.
